

### Fundament F18

Aufprallfläche 0-200cm /  
Schichtdicke min. 30cm  
espace de chute 0-200cm /  
épaisseur minimale de couche 30cm

H= Fallhöhe  
H= espace de chute

|                                                                                                                                     |                     |            |                                                                       |                    |
